# 517000-GK AdBlue® Gravity Feed Delivery Kit

The 517000-GK AdBlue® gravity feed delivery kit is an essential AdBlue® dispensing accessory designed specifically for connection to an IBC bottom outlet.

Consisting of an AdBlue® manual nozzle (Alemlube part number 147610) and a 3m long spiral static wire clear delivery hose with a 60 x 6 thread IBC bottom adapter, the 517000-GK efficiently delivers AdBlue® with the aid of gravity.

Completely resistant to and compatible with AdBlue®, this easy to use and reliable AdBlue® gravity feed delivery kit is sure to provide the user with a trouble free and extended service life.

The 517000-GK AdBlue® gravity feed delivery kit available from Alemlube is the ideal AdBlue® dispensing solution when an electric pump is either not available or not required.
