

Donaldson Blue® Air Filters
with Ultra-Web® Fine Fiber Technology
for Off-road Applications

**WE RAISED THE STANDARD
IN FILTER PERFORMANCE.**

**SAY HELLO TO
DONALDSON
BLUE.**

Donaldson®
BLUE®

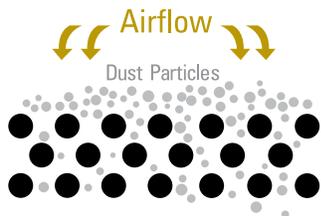

Donaldson Blue[®] filters reduce cost and increase equipment uptime

You'll recognize the ultimate in heavy-duty engine filtration solutions. They're Donaldson Blue[®]. Made using Donaldson's advanced Ultra-Web[®] fine fiber technology, they're the best air filter choice to reduce maintenance cost and increase equipment uptime. Donaldson Blue air filters protect engines and help them last longer by providing better initial and overall efficiency compared to conventional cellulose media.

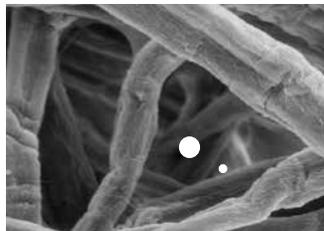

Ultra-Web fine fiber technology causes submicron contaminant to load on the surface of the media, which promotes lower restriction and longer filter life.

Fine fibers make a BIG difference

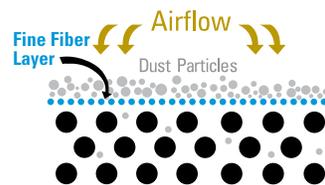

Conventional Cellulose

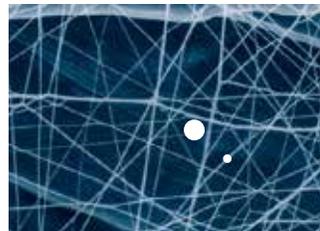

Cellulose Media
Cellulose fibers are larger than Ultra-Web[®] fine fibers and have larger spaces between the fibers, which causes contaminant to load in the depth of the media and plug the airflow path, resulting in higher restriction and less capacity.

Donaldson Blue[®] Ultra-Web[®] Fine Fiber Technology

Ultra-Web[®] Media
Ultra-Web fine fibers have submicron diameters and small interfiber spaces, which result in more contaminant being captured on the surface of the media, promoting lower restriction and longer filter life.

Enlarged Top Views of Media (at the same magnification.)
White circles represent the diameter of a 2µ and a 5µ particle.

ULTRA-WEB[®]
Nanofiber Filtration by Donaldson

Proven Fine Fiber Performance

Donaldson, the company that invented air filters for heavy-duty diesel engines almost 100 years ago, was also the first to develop fine fiber air filter media. Donaldson introduced Ultra-Web[®] Technology to industrial applications more than 30 years ago and to the diesel engine market nearly 20 years ago.

Performance that pays off

Longer Filter Life

The smaller interfiber spaces of Ultra-Web® fine fiber technology hold more submicron contaminant than conventional filters with cellulose media. The high dust-holding capacity of submicron particles promotes longer filter life.

Longer Engine Life

In laboratory and field tests, Donaldson Blue® air filters provided better engine protection by allowing less contaminant to pass through the media than cellulose air filters. Donaldson Blue air filters also reach a 99.97% efficiency quicker than conventional cellulose filters and have an overall efficiency up to 99.99%. Equipment owners using Ultra-Web filters experience improved engine protection and power, plus lower life cycle costs.

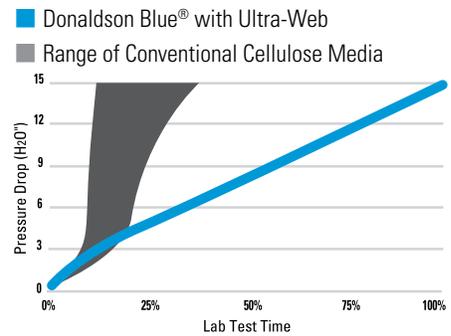

You Can See the Difference!

These dust vials show the actual amount of Arizona fine test dust that passes through the air filter media for every one kilogram of dust fed to the air filter, which is equivalent to 100 hours* of equipment operation.

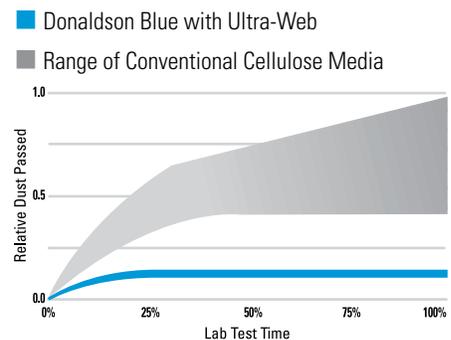

Will-fit filters can allow up to 100 times more dirt to pass through the filter into the engine than Donaldson Blue air filters with Ultra-Web filter media.

* Estimate based upon typical medium dust operating conditions with 92% pre-cleaner efficiency. Actual results may vary.

Higher Contaminant Loading = Longer Filter Life Capacity (Tested with Submicron Particles)

Higher Efficiency = Better Engine Life Efficiency (Tested with Submicron Particles)

Up to 99.99% Filtration Efficiency (0.1 gram dust)
99.9% Filtration Efficiency (1 gram dust)
99.0% Filtration Efficiency (10 grams dust)

For more information on the full line of Donaldson filtration products and accessories, visit crossreference.donaldson.com.

Finding your Donaldson filter online has never been easier.

DISCOVER.

Looking for a complete filtration system or advice on choosing the right filter option? Go online to **donaldson.com** to learn about the broad range of filtration solutions offered by Donaldson – and to help you decide which option is right for your application.

DECIDE.

If you're an equipment owner that needs to purchase filters and parts – it's easy to find the right Donaldson part, make an online shopping list and even request a quote from one of our distributors. We make finding filters *easier than easy* at **shop.donaldson.com**.
