HELLA DURALED® COMBI-SR

Stop/Rear Position/Rear Direction Indicator/Reversing Lamp with Retro Reflector

The new all-in-one five function HELLA DuraLED® Combi-SR Lamp now incorporates a built-in retro reflector, saving both time and money on installation. The all-in-one design makes the DuraLED® Combi-SR the ideal choice for vehicles with limited space to mount a separate reflector.

DT Connector options enhance installation flexibility and the innovative HCS feature means these lamps work seamlessly with many late model vehicle electrical systems. Made with a high performance Grilamid® lens offering unmatched resistance to impact, long term UV exposure and commonly used chemicals.

As with all products in the DuraLED® range, this new lamp offers superior durability and a class leading lifetime warranty* for complete peace of mind.

Part Number	Description	Packaging
2VP 015 074-001	2.5m cable version	CARTON PACK
2VP 015 074-002	2.5m cable version	BLISTER PACK
